

MIKE MONTREY BAND

Where Americana, Folk, and Rock 'n Soul Converge...

Guided by the exceptional songwriting and musical chops of Mike Montrey, the Mike Montrey Band has a well-earned reputation as a group worth following.

With an ear for creating catchy melodies and lush harmonies and a sure-footed comfort with crafting lyrics that touch upon the human experience in honest and authentic ways, Montrey has an uncanny ability to connect with his listeners. The intense, edgy-voiced singer/guitarist knows how to deliver a song with a raw honesty that hits you in the gut. And his bandmates round out the sound perfectly, each adding their own unique texture to the music and giving Montrey's exceptional songwriting the soulfulness, depth, and balance it deserves.

With his next album, *Searching for My Soul* (to be released in September 2022), Montrey decided to enlist the expertise of two-time Grammy winner Marc Swersky to produce. In this collection of hard-hitting, introspective songs, Montrey truly captures the struggles we all face soul-searching to find where we 'fit' in the world. The universality of the themes, combined with the intimacy of the storytelling and the stellar musicianship, is sure to find its way into audience hearts.

With such a high level of talent, musicianship, and heart, it's no wonder NJ Stage named Mike Montrey Band artist of the year.

New Single
